

# Valentine

## 5 Seconds of Summer

[Verse 1: Calum]

I love the light in your eyes and the dark in your heart  
You love our permanent chase and the bite of our bark  
We know we're classic together like Egyptian gold  
We love us[Pre-Chorus: Luke]

It don't matter, be combative or be sweet cherry pie  
It don't matter just as long as I get all you tonight[Chorus: Luke, Michael & Calum]  
I can take you out, oh-oh  
We can kill some time, stay home  
Throw balloons, teddy bears and the chocolate eclairs away  
Got nothing but love for you, fall more in love every day  
Valentine, valentine

[Verse 2: Michael]

So deep your DNA's being messed with my touch  
Can't beat us  
So real, fueling the fire until we combust  
Can't touch us[Pre-Chorus: Luke]

It don't matter be combative or sweet cherry pie  
It don't matter just as long as I get all you tonight[Chorus: Luke, Michael & Calum]  
I can take you out, oh-oh  
We can kill some time, stay home  
Throw balloons, teddy bears and the chocolate eclairs away  
Got nothing but love for you, fall more in love every day  
Valentine, valentine[Bridge: Luke]

Full plate, don't wait, have your cake and eat it too  
Full plate, don't wait, have your cake and eat it too  
[Chorus: Luke, Michael & Calum]

I can take you out, oh-oh  
We can kill some time, stay home  
Throw balloons, teddy bears and the chocolate eclairs away  
Got nothing but love for you, fall more in love every day  
Valentine, valentine  
Valentine, valentine
