

HeadNod

Blanco Brown

[Verse 1]

I was on my first drink, she was on three
I was tryna catch up, 'foreâ€¦sheâ€¦leaves
I was onâ€¦my third, she was on four
Bartenderâ€¦go ahead and pour me up some more

[Pre-Chorus]

That thang wasn't man enough for her
But I got a little bit closer
Backseat in my Ford Explorer
I had the chance to explore her
Damn right

[Chorus]

Mix coke with a [?]
Took shots of her favorite scent
Blame it on love (Ya, ya, ya)
It all started with a head nod
Seven ways you can smoke and [?]
Live life minimum wage
Can't say it ain't tough
It all started with a head nod
Head nod, head nod, head nod, head nod

[Verse 2]

Say girl, ain't judgin' you
Good things I was coming too for me
It could have been worse, could have been a bathroom stall (A bathroom stall)
Everyday's a new holiday, let go don't be ashamed, no (No)
I couldn't bring gifts like Santa Claus

[Pre-Chorus]

That thang wasn't man enough for her
But I got a little bit closer
Backseat in my Ford Explorer
I got the chance to explore her
Damn right

[Chorus]

Mix coke with a [?]

Took shots of her favorite scent
Blame it on love (Ya, ya, ya)
It all started with a head nod
Seven ways you can smoke and [?]
Live life minimum wage
Can't say it ain't tough
It all started with a head nod
Head nod, head nod, head nod, head nod
Yeah

Mix coke with a [?]
Took shots of her favorite scent
Blame it on love (Ya, ya, ya)
It all started with a head nod
Step away you can smoke and [?]
Live life minimum wage
Can't say it ain't tough
It all started with a head nod
Head nod, head nod, head nod, head nod
Yeah
