

Going Under

Bourgeois & Loud Luxury

[Verse 1]

In and out like potion tiers
A rollercoaster in my mind
Your heart is in my pull aside
Just trying to make things right

[Refrain]

Is it something I did?
Can we mend what's broken?
Is it something I said?
And I hate not knowing

[Chorus]

We're going under, can't you see?
It's not the same the same old you and me
We're going under
We're going under

We're going under, can't you see?
It's not the same the same old you and me
We're going under
We're going under

[Refrain]

Is it something I did?
Can we mend what's broken?
Is it something I said?
And I hate not knowing

Is it something I did?
Can we mend what's broken?
Is it something I said?
And I hate not knowing

[Chorus]

We're going under, can't you see?
It's not the same the same old you and me
We're going under
We're going under
(We're going..)
We're going under, can't you see?
It's not the same the same old you and me
We're going under
We're going under

(We're going)

We're going under, can't you see?
It's not the same the same old you and me
We're going under
We're going under

[Outro]

We're going..
The same old you and me..
We're, we're going..
We're going..

We're going..
We're, we're going..
We're going
We're going
