

# Stay Away

[Randy Newman](#)

Venus in sweatpants  
That's who you are  
And when this mess is over  
I'll buy you a car  
We'll drive that car  
So fast and so far  
All your stupid friends  
Will be left behind Stay away from me  
Baby, keep your distance, please  
Stay away from me  
Words of love in times like these  
I'm gonna be with you 24 hours a day  
A lot of people couldn't stand that  
But you can  
You'll be with me 24 hours a day  
What a lucky man I am  
Stay away from me  
Wash your hands  
Don't touch your face  
How do you like that  
Wash your hands  
Don't touch your face  
I saw you  
Thirty years together  
And we're still having fun  
Once we were two  
Now we are one  
Let's go out and get a burger  
When you're done, you're done  
Memories of the past  
Be kind to one another  
Tell her you love her every day  
If you're angry about something, let it go  
If the kids are frightened, tell them not to be afraid  
But don't let them touch your face  
Don't let them touch your face
