

Sonic Shit

Lil Nas X

[Intro]

SEGA

All tests needed

Glock, Glock, Glock, yeah

Wet, wet, wet, wet

[Verse 1]

Tick tock, big clock, "I miss you Nas," bitch, stop
All this ice, fuck a price, gotta keep my bling right
All this damn green, I'ma motherfuckin' fiend, right?
All you niggas trash can't rap, dance, sing, write
What the fuck, I can't stop motherfuckin' going in
Spent some yenny yens in Thailand just to buy gin
All he rap about is violence, move in silence
Niggas try to try me it's gon' be a fuckin' crime and
I ain't really with all that cappin' and shit
You pussies yell over a beat and call it rappin' and shit
I'm rookie and I'm out here snappin', I done mastered this shit
You pussy bastards get captured, fractured, and splattered and shit
Uh, you a quick jugg, yeah, hope you understood (Huh?)
That stick-up give you hiccup, give it up is what you should
Yeah, I fuckin' run it, I'm motherfuckin' Sonic (Okay)
Raised in the hood, I got my gun and niggas runnin'

[Bridge]

See, I run shit, dumb bitch, go try out the phonics
Done wit', bum shit, I fly out to London
In my town, you better not get found
Call my hittas' Netflix, cause they make you get down, blit blow

[Verse 2]

I can't wait to blow, wait to take off like a Migo
Shoutout latinos, despegando en cinco
I think I'm the best, King Kong, I beat my chest
Come wrong, nigga, you dead, give a fuck about a vest
'Cause (Why?) I'm aiming for your head (Yeah)
That A.R. stand for "Ayy, you niggas gettin' left on read"
I came up off of Twitter doing motherfuckin' threads
Gotta keep at least three shooters, that'll lay you niggas dead
Fast like Paul, I can make a call

Knock you niggas off while I'm shopping at the mall
Killin' every beat, I need time to grieve
I keep them receipts, hittas' stomp you on concrete
I just lit a blunt, finna grunt in this bitch (Grrr)
Yes I am your dad, and you're my son in this bitch (Papa)
You niggas bums and only bought some fuckin' ones in this bitch
I guess I'm runnin' out of puns, just havin' fun in this bitch
Niggas on my dick, yeah, make em' sick, yeah
New whip just hit a lick, yeah, sonic shit, yeah
Niggas on my dick, yeah, make em' sick, yeah
New whip just hit a lick, yeah, sonic shit, yeah

[Outro]

Yeah, sonic shit, yeah
Yeah, new whip, yeah
I just hit a lick
I just, I just hit a lick
I just hit a lick and I got a new whip, uh
