

# Wake Up

## Leeland

The nation lost and dying  
Searching for You  
Creation waits  
Children with the word of God  
Written on their hearts  
Show love to the world

{ chorus }  
We need to wake up, wake up  
Live like God  
Pour out love  
We need to wake up, wake up  
Live like God  
Pour out love

I know it's sad  
That the gift we have  
We keep it for ourselves  
Most of the time  
The world is looking  
For a love that's locked up  
Inside these four walls  
Break the door down and shine

Our face is set  
Our goal is heaven  
Jesus, You are the well of love  
We'll pour You out  
We'll pour You out
