

# 30 Second Love Affair

## Eddie from Ohio

There she was at the stop light on the corner  
Giving me that sun shine of a smile  
Light blond hair and a deep blue ocean in her eyes  
I decided her name must be Rebecca  
Rebecca's Rebecca by any other name  
Top down, radio on and hey  
I think she's calling out my name

Falling in love at the stop light  
A 30-second, one light stand  
Don't tell my girlfriend, she would never under stand

We decided that we should get together  
Pizza place 'round the corner just out of sight  
Hoped in her T-bird and we left my car idling at the light  
Six months later I moved into her apartment  
Spent two weeks making love in her new bed  
Theirs just now holding back this love affair inside my head

### Chorus

We got married and had two point five children  
The PTA and a pool in our back yard  
Life with Rebecca would never really get to hard  
Me and Rebecca lived happily ever after  
That's the way that I think it would have been  
But then the light turned green  
And I never saw Rebecca's smile again

Falling in love at the stop light  
A 30-second, one light stand  
Don't tell my girlfriend, she would never under stand  
She'd never under stand and I've  
Falling in love at the stop light  
A 30-second, one light stand  
Don't tell my girlfriend, she would never under stand

A 30-second love affair... X 3
