

Ready To Lose (feat. Trent Dabbs)

Ingrid Michaelson

When you're coming home
You use to cry in the night
That makes my mind make noises
I guess the second time Tell me that you're mine
Say it one more time I'm ready to lose
Everything but you
I'm ready to lose everything but you
Everything, everything Is the heart in you
I know it in my ...
It made me change direction
When I felt better off the road
Say it one more time
Tell me you are mine
I'm ready to lose everything but you
I'm ready to lose everything but you
Everything, to ...mind
Say it one more time
Tell me you are mine
Say it one more time
Tell me that you are mine
Say it one more time
Say it one more time
Tell me that you are mine
Tell me that you are mine
I'm ready to lose everything but you
I'm ready to lose everything but you
Everything, everything
Say it one more time
Say it one more time
