

# Ain't Had Enough of That Yet

## Cold Creek County

[Verse 1]

Same old bar, same old party  
Same old girl, with the back tattoo and the cowboy boots  
Gon' get it started  
Same old paycheque, same rowdy friends  
Same old buying them rounds till the sun goes down  
Turning it up past ten

[Pre-Chorus]

Then a country song with a DJ mixin'  
If it ain't broke boy, why you gonna fix it?

[Chorus]

I still like leaning on a jukebox, cranking up a drinking song Sippin' on a whiskey, till it hits me  
and I'm long gone  
Rollin' down a back road dropping down a tailgate  
Blanket in my truck bed, loving that girl 'til the day breaks  
I'll take all that same old same old, I can get  
I ain't had enough of that yet  
Ain't had enough of that yet

[Verse 2]

Something to smoke, speakers to blow  
Same old song keep it on ain't nothing wrong with my radio

[Pre-Chorus]

Then a country song with a DJ mixin'  
If it ain't broke boy, why you gonna fix it?

[Chorus]

I still like leaning on a jukebox, cranking up a drinking song Sippin' on a whiskey, till it hits me  
and I'm long gone  
Rollin' down a back road dropping down a tailgate  
Blanket in my truck bed, loving that girl 'til the day breaks  
I'll take all that same old same old, I can get  
I ain't had enough of that yet

[Bridge]

Country girl, with her lips painted red  
Ain't had enough of that yet

Tippin' them cups, tapping that keg  
Ain't had enough of that yet  
Feeling that bass shaking that glass  
Pretty little bare feet up in the dash  
Takin' all night, and making it last  
I ain't had enough of that yet

[Chorus]

I still like leaning on a jukebox, cranking up a drinking song Sippin' on a whiskey, till it hits me  
and I'm long gone

Rollin' down a back road dropping down a tailgate  
Blanket in my truck bed, loving that girl 'til the day breaks  
I'll take all that same old same old, I can get  
I ain't had enough of that yet  
I'll take all that same old same old, I can get  
I ain't had enough of that yet  
I ain't had enough of that yet
