

# Write This Down

## George Strait

I never saw the end in sight, fools are kinda blind  
Thought everything was going all right, but I was running out of time  
'Cause you have one foot out the door, I swear I didn't see  
But if you'r really going away, heres some final words from me.Chorus:

Baby write this down, take a little note  
To remind you in case you didn't know  
Tell yourself I love you and I don't want you to go  
Write this down!Take my words and read them everyday  
Keep them close by, don't you let them fade away  
So you'll remember what I forgot to say  
Write this down!

--- Instrumental ---I'll sign it at the bottom of the page, I'll swear under oath  
Every single word is true, and I think you need to know  
So use it as a book mark, stick it on your frigerator door  
Hang it in a picture frame up above the mantle where you can see it for sureChorus:

Baby write this down, take a little note  
To remind you in case you didn't know  
Tell yourself I love you and I don't want you to go  
Write this down!Take my words and read them everyday  
Keep them close by, don't you let them fade away  
So you'll remember what I forgot to say  
Write this down!You can find the chisel, I can find the stone  
Folks'll be a-readin these words, long after we're gone.

Chorus:  
Baby write this down, take a little note  
To remind you in case you didn't know  
Tell yourself I love you and I don't want you to go  
Write this down!Take my words and read them everyday  
Keep them close by, don't you let them fade away  
So you'll remember what I forgot to say  
Write this down!Oh, I love you and I dont want you to go

Baby write this down!...
