

Eden

Guster

All I want is the world
And everything for me
You can rattle off your talk
All that matters is what I see If you break me down (break me down)
Selfish desire is all you blame
'Cuz desperate times call for desperate measures
And I am not ashamed Oh it took me a long
Time to come to this
And I have chosen my path
I am (I am) I'm only for me All my dreams are so closed
If I open them to you
You can count them all with lies
You can believe me, or you can believe the truth
If you break me down (break me down)
Selfish desire is all you blame
'Cuz desperate times call for desperate measures
And I am not ashamed Oh it took me a long
Time to come to this
And I have chosen my path
I am (I am) I'm only for me But I could let you in
Put your feelings on the shelf
There's only room 'cuz it helps myself
Oh I could let you in
But it's to no avail
I only listen 'cuz it helps myself Oh it took me a long
Time to come to this
And I have chosen my path
I am (I am) I'm only for me
I took a cane from a blind man
I tasted the fruit in the garden of Eden
When I walk out of here
I know I'll stand clear
But the taste in my mouth still remains (still remains) Oh it took me a long time to come to this
Oh it took me a long time
I am, I am only for me
Oh it took me a long time to come to this
Oh it took me a long time
I am, I am only for me Oh it took me a long time to come to this
Oh it took me a long time
