

Her

Excision & Dion Timmer

[Chorus]

The second that you got the chance to run
I knew this was the end of all our love
And everything's reminding me of her
No, I can't help but fear I'm losing time

The second that you got the chance to run
I knew this was the end of all our love
And everything's reminding me of her
No, I can't help but fear I'm losing time

[Instrumental]

[Chorus]

The second that you got the chance to run
I knew this was the end of all our love
And everything's reminding me of her
No, I can't help but fear I'm losing time

[Instrumental]
