

# Shut Up

[blink-182](#)

[Verse 1: Mark Hoppus]  
Shut the fuck up, she said  
I'm going fucking deaf  
You're always too loud  
Everything's too loud  
Now that all my friends left  
This place is fucking dead  
I wanna move out  
When can we move out?  
The shit has gotta stop  
I'll run away

[Verse 2: Mark Hoppus]  
Get the fuck up, she said  
Your life is meaningless  
It's going nowhere  
You're going nowhere  
You're just a fuck up, she said  
I'll live alone instead  
She said "you don't care"  
I know I don't care

[Chorus: Mark Hoppus]  
I'll never ask permission from you  
Fuck off, I'm not listening to you  
I'm not coming home  
I'm never going to come back home

[Verse 3: Mark Hoppus]  
I got too fucked up again  
And passed out on the plane  
Trying to forget you  
I can't forget you  
Now sleep on this flight  
I'll think about the nights  
We had to get through  
I didn't get you

[Chorus: Mark Hoppus]  
I'll never ask permission from you

Fuck off, I'm not listening to you  
I'm not coming home  
I'm never going to come back home  
I'll run away

[Bridge: Mark Hoppus]  
I think it's time that I should leave  
I think it's time that I should leave  
I think it's time that I should leave  
I think it's time that I should leave

[Chorus: Mark Hoppus]  
I'll never ask permission from you  
Fuck off, I'm not listening to you  
I'm not coming home  
I'm never going to come back home

[Outro: Mark Hoppus]  
(I'll run away) I think it's time for me to leave  
(I'll run away) I think it's time for me to leave  
(I'll run away) I think it's time for me to leave  
(I'll run away) I think it's time for me to leave
