

Plot Twist

TEC

[Intro]

Feel like everything he want he gotta take it
The principle and teacher told him he wouldn't make it too see 18, chase dreams. (ahh)
Hussein bitch, you know what it is
You know a nigga gone respect my nuts you know
Never stood down, never was a stand down ass nigga ever (bitch)

[Chorus]

Little nigga posted on the block with a beretta with no safety, feel like everything he want he
gotta take it
The principle and teacher told him he wouldn't make it too see 18, say his life he wasting
Like his OG's standing on the block so long, he watched it go from powder to that rock to heroin
The epidemic switching hip-hop turn to gimmick business, rich niggas penny pinching, felons
befriending snitches
And that's what the fuck we call a plot twist, like seeing your main man on some opp shit
That fuck pulling over bussing all at the cops shit, a hundred in that mop stick, like I'm clumsy
ill drop shit

[Pre-Chorus]

Make me flash ima drop a bag on you, choppa flash 50 out that mag on you
Merchandise now you got a tag on you, (ahh) a toe tag on you

[Verse]

Fuck it let's get on some spinning shit (fuck it we spinning), 7.62 in the wind shit (the shots we
sending), no wrestling move but we pin shit
Just like movie credits, this the end bitch (yeahh yeahhh)
Buck shots out that Mossberg make the car swerve, bring it quick like a hor d'oeuvre for them
war words
You ever saw purge, this sicker than a movie
They gone put you in a casket and fill you with bombing fluid bitch!

[Pre-Chorus]

Make me flash ima drop a bag on you, choppa flash 50 out that mag on you
Merchandise now you got a tag on you, (ahh) a toe tag on you

[Chorus]

Little nigga posted on the block with a beretta with no safety, feel like everything he wants he
gotta take it
The principle and teacher told him he wasn't gonna make it too see 18, say his life he wasting
Like his OG's standing on the block so long, he watched it go from powder to that rock to

heroin. (heroin)

The epidemic switching hip-hop turn to gimmick business, rich niggas penny pinching, felons
befriending snitches

[Outro]

And this, and this just what this shit coming to (ya heard me), this what the fucking world is
coming to you know

Ay, I'm just the messenger though, I ain't really, I ain't really tryna change shit though, cause I
know ain't shit gone change

You know what I'm saying, so I just hope somebody can hear this shit, you know and I
influence one of the people that's gone try and change it

Cause I done gave up on this shit, you heard me

The game all fucked up, yall can have that shit

Real talk yall little niggas can have that shit mane, you know

Standing on the block so long (longgg), say the OG's standing on the block so long
