

# Halo

Dustin Lynch

You ain't dancin' to this song,  
aw but i can tell you're dyin' too,  
your lips are singin' right along,  
but you won't let yourself let loose,  
you ain't foolin' me, come on girl i gotta see  
baby what you got hidin' under that halo,  
that little bit of rebel nobody knows  
that turnin' up burnin' up all night,  
wanna do a little somethin' wrong kinda right  
bet you got a little sway hidin' in those hips,  
a little bit of salt in your sweet kiss  
Why you holdin' back girl let it go?  
Baby what you hidin' under that halo?  
You keep sipin', nice and slow  
like you're scared it's gonna go to your head  
baby i bet you'd love, catchin a groove and a real good buzz, havin a night you'll never forget  
so baby take my hand,  
you know you wanna take a chance  
baby what you got hidin' under that halo,  
that little bit of rebel nobody knows  
that turnin' up burnin' up all night,  
wanna do a little somethin' wrong kinda right  
bet you got a little sway hidin' in those hips,  
a little bit of salt in your sweet kiss  
Why you holdin' back girl let it go?  
Baby what you hidin' under that halo?  
I wanna get you alone, alone  
see what's under that halo  
Don't you wanna move baby,  
don't you wanna dance maybe,  
don't you wanna get a little crazy,  
a little crazy tonight  
Baby what you got hidin' under that halo,  
that little bit of rebel nobody knows  
that turnin' up burnin' up all night,  
wanna do a little somethin' wrong kinda right  
bet you got a little sway hidin' in those hips,  
a little bit of salt in your sweet kiss  
Why you holdin' back girl let it go?  
Baby what you hidin' under that halo?  
Baby what you hidin' under that halo?  
I wanna get you alone

halo

See whats under that halo
