

Starting Point

Souleye

It only takes 20 days to make a change
Break un-healthy habit
And switch your ways
Well I wish it were that easy though
It's not so once it's got your soul
It's hard to let go Got to start climbing up
Reach out Tell me what you need
Go ahead no doubts Call a friend
Tell them what your thinking
I'm afraid confused I'm freaking
Scared of living I've got fear of dyeing
The loss of control A fork in the road
A small crack can make a giant fracture
Take a step back soak in the laughter
It's real funny when you think about it
The massiveness of this existence
The past present and the future is all
Right now all right now All right now Hook
Yeah the coast is clear
This is the year
Big things are happening
There's magic in the air
It's time that we all celebrate
There's another way
Oh yeah there's a another way 2 Hold up wait pause That was a triple take
And in the morning We can start all over again
I asked the man in the mirror What are you thinking
And he replied move on I said ok I'm gone
I don't need it why would I want to feed it
How could I be defeated Loud like I was screaming
Now is what we make it Lets make it the greatest
Moment we've ever had
What do you think about that
Now here's a story of a boy who became a man
Through the temptations of life
While he wonders the lands
Deserted in a desert while he's on Lsdee
Riding his bike like a unicorn thinking he's free
The egg hatched in the cuckoo's nest
The bird was unimpressed
He got up took flight headed north west
He was refreshed to find where he was going

Blessed to know truth was always the moment
HookYeah the coast is clear
This is the year
Big things are happening
There's magic in the air
It's time that we all celebrate
There's another way
Oh yeah there's a another way3It's been 20 twenty days And I don't feel the same
I'm dreaming now I've got a vision and Aim
Every day's a new lesson And I Love learning
While it changes switches Flying your space ship
The micro macro The golden mean A middle way
Walking along the board walk
My shadow gets bigger when the sun gets brighter
Its feeling really good yeah I'm delighted
Care free from caring about
Other peoples fears anxieties and doubts
I'm only me so I won't trip
My shoes I double knot them
A superstition that I do follow
It might take a long way to get back
To that starting point
Of where you want to be at
Don't worry it will happen
All you have to do is trust your intuition
And that God in youHookYeah the coast is clear
This is the year
Big things are happening
There's magic in the air
It's time that we all celebrate
There's another way
Oh yeah there's a another way
