

# Winter's Song

Bob Moses

All in all  
The will is gone  
All in all  
The will is gone  
We'll fall forever  
All along  
You lead me on  
All along  
You lead me on  
You don't remember  
Well you say you've tried but you  
Feel you should be running free  
Well when you tire of it  
Baby, don't you call on me  
And when you cry 'cause you  
Realize what you can't see  
Well when you tire of it  
Baby, don't you call on me  
On and on  
The winter song  
On and on  
The winter song  
Will play forever  
All I want  
To carry on  
All I want  
To carry on  
Is gone forever  
Well you say you've tried but you  
Feel you should be running free  
Well when you tire of it  
Baby, don't you call on me  
And when you cry 'cause you  
Realize what you can't see  
Well when you tire of it  
Baby, don't you call on me  
On and on  
The winter song  
All along  
You lead me on

Well you say you've tried but you  
Feel you should be running free  
Well when you tire of it  
Baby, don't you call on me  
And when you cry 'cause you  
Realize what you can't see  
Well when you tire of it  
Baby, don't you call on me  
No don't you call on me  
No don't you call on me  
What is it you're after?  
I don't have your answer  
You can't run forever  
With me on a tether  
Well you say you've tried but you  
Feel you should be running free  
Well when you tire of it  
Baby, don't you call on me  
And when you cry 'cause you  
Realize what you can't see  
Well when you tire of it  
Baby, don't you call on me
