

# Tears (feat. Louisa Johnson)

## Clean Bandit

I tried hard to make you want me  
But we're not supposed to be  
And the truth will always haunt me  
Even though it set me free  
And my tears flow like the ocean  
As they floated in the breeze  
They were falling in slow motion  
And they brought me to my knees You're haunting me, taunting me all in my brain  
Turn off the light and now all that remains  
Fills me with doubt  
And I'm shouting your name out loud  
Why do you wanna put me through the pain?  
I get the feeling I'll never escape  
I can't hide away from the shame of you  
Tears on the ground, tears on my pillow  
You won't bring me down  
And I'll get over you  
These tears will get me through  
And I'll get over you  
I'll, I'll, I'll get over you  
I'll, I'll  
I'll, I'll, I'll get over you  
I'll, I'll, I'll get over you When did...
