

# It's All on U (feat. Liam O'Donnell)

## Illenium

At first I didn't think that I was cut enough to bleed  
Then I saw my secrets getting swallowed by the sea  
Through a telescope  
I saw a diamond glow  
How you brought me home  
I guess I'll never know With god as my witness  
Never had it so good  
Jumping into love  
Fire sets to dry wood  
Started off as nothing  
Now it's gold  
And it's all on you  
With god as my witness  
Never had it so good  
Jumping into love  
Fire sets to dry wood  
Started off as nothing  
Now it's gold  
And it's all on you (I get my kicks from you)  
(I get my kicks from you) Can't see, dark road, driving up the hills  
Looking at the girl, hand barely on the wheel  
Got no where to go  
But we can take it slow  
How you brought me home  
I guess I'll never know (I get my kicks from you)  
(I get my kicks from you)  
With god as my witness  
Never had it so good  
Jumping into love  
Fire sets to dry wood  
Started off as nothing  
Now it's gold  
And it's all on you And it's all on you  
And it's all on you  
And it's all on you
