

# Raging (feat. Kodakline)

Kygo

Standing in the cold in the frozen wind  
I'm leaving you behind but it's not the end  
No, no, no  
Walking on a plane as I hold my breath  
It's gonna be weeks 'til I breathe again  
No, no, no I know that you hate it  
And I hate it  
Just as much as you  
But if you can brave it  
I can brave it  
Brave it all for you  
Call me anytime you can see the lightning  
Don't you be alone, you can always find me  
We've got our wild love raging, raging  
Lost among a million changing faces  
Every day our eyes keep trading places  
We've got our wild love raging, raging Raging, raging  
Raging, raging  
Raging, raging Checking into hotel loneliness  
It's not what I've been used to, I confess  
So wake up three times a night  
Talking to a stranger is nothing new  
She knows how to smile but not like you  
So I wait for you all night  
I know that you hate it  
And I hate it  
Just as much as you  
But if you can brave it  
I can brave it  
Brave it all for you Call me anytime you can see the lightning  
Don't you be alone, you can always find me  
We've got our wild love raging, raging  
Lost among a million changing faces  
Every day our eyes keep trading places  
We've got our wild love raging, raging Raging, raging Call me anytime you can see the lightning  
Don't you be alone, you can always find me  
We've got our wild love raging, raging  
Holding on the wind with you forever  
Holding onto us for worse or better  
We've got our wild love raging, raging  
Raging, raging  
Raging, raging Call me anytime that you see the lightning

Never feel alone, you can always find me  
We've got our wild love raging, raging
