

Up Like Trump

Rae Sremmurd

[Intro: Swae Lee]

Up like Donald Trump, up

Word

Up, up, up

Sonny Digital

Up, now you done fucked up, up

Ear Drummers

[Chorus: Swae Lee]

Up like Donald Trump, up, chain swing like nunchucks

She gon' chew you up, yup, twerk like she from Russia

Don't get me wile'd up, up, soldiers at a ten hut

Look what you done done, now you done fucked up, up

Up like Donald Trump, up, chain swing like nunchucks

She gon' chew you up, yup, twerk like she from Russia

Don't get me wile'd up, up, soldiers at a ten hut

Look what you done done, now you done fucked up

[Verse 1: Swae Lee]

Read my lips, I do my own stunts

Bitch wanna go on a date, pull up to SunTrust

Wear my hat to the front, like I drive a truck

Like I drive a truck, all white Bentley truck

ATM go nuts, I do what I want

I say what I want, I grew up on Pac

Kush smell just like must, turn it into dust

Man, my style is tough, y'all huffed all that puss

Twerk like she from Russia, try hard not to love her

But she so damn bad, I-I-I might have to cuff her

Rock like Billy Ray, that's a nigga idol

Forbes list, Forbes list, Forbes list, Forbes, read it like the Bible

[Chorus: Swae Lee & Slim Jxmmi]

Up like Donald Trump, up, chain swing like nunchucks

She gon' chew you up, yup, twerk like she from Russia

Don't get me wile'd up, up, soldiers at a ten hut

Look what you done done, now you done fucked up, up

Up like Donald Trump, up, chain swing like nunchucks

She gon' chew you up, yup, twerk like she from Russia

Don't get me wile'd up, up, soldiers at a ten hut

Look what you done done (Ayy), now you done fucked up (Slim Jxmmi)

[Verse 2: Slim Jxmmi]

Up like Trump, all of a sudden
Solo cup when brought to the public
Balmain's clean as a whistle, green ain't the issue
Lil' bit of money make a difference
Nothin' to somethin', it's so hard to function with all of these hoes in the house
Fuck y'all assumption, my blood still rushin', my heart still thumpin'
Up like Trump, geekin' like Ike
Got a bitch twerkin' on Skype
MGM every night, Sremm after dark, king of the swipe
Motherfuckers worried 'bout likes on they pictures
They ain't got a "Iguodala," or a nickel
They ain't even got a penny for the strippers
And they wanna pop bottles like winners
Check my pedigree, I always been a money fiend
All these fuckin' rings, I'm shinin' like a fuckin' king
Breakin' down the kush, don't it look so plush?
Take a couple puffs, up like Donald Trump (Woo)

[Chorus: Swae Lee]

Up like Donald Trump, up, chain swing like nunchucks
She gon' chew you up, yup, twerk like she from Russia
Don't get me wile'd up, up, soldiers at a ten hut
Look what you done done, now you done fucked up, up
Up like Donald Trump, up, chain swing like nunchucks
She gon' chew you up, yup, twerk like she from Russia
Don't get me wile'd up, up, soldiers at a ten hut
Look what you done done, now you done fucked up
