

Jailbreak

AWOLNATION

See, I've been working on a jailbreak, got no time for a mistake
Any moment 'til the day breaks, no more time to get to know you
I've been working on a jailbreak, keep it calm with the fast pace
Any moment 'til the day breaks, no more time to get to know you
Now I'm living in a dream

(Ah)

Now I'm living in a dream (Ah)

And I don't think I'm ever going to wake up (Ah, ah) Now I'm living in a dream

(Ah)

Now I'm living in a dream (Ah)

And I don't think I'm ever going to wake up (Ah, ah)

See, I've been working on a jailbreak, got no time for a new fate
Any moment they'll replace me, should've tried to get to know you

I've been working on my timing, insecurity beside me,

But, your taste is so inviting, should've tried to get to know you

Now I'm living in a dream

(Ah)

Now I'm living in a dream (Ah)

And I don't think I'm ever going to wake up (Ah, ah)

Now I'm living in a dream

(Ah) Now I'm living in a dream (Ah)

And I don't think I'm ever going to wake up (Ah, ah)

Mama, it's a jailbreak

It's a-it's a jailbreak

Mama, it's a jailbreak It's a-it's a jailbreak Now I'm living in a dream

(Ah)

Now I'm living in a dream (Ah)

And I don't think ever going to wake up (Ah, ah)

Now I'm living in a dream

(Ah)

Now I'm living in a dream (Ah)

And I don't think I'm ever going to wake up (Ah, ah)

Mama, it's a jailbreak

It's a-it's a jailbreak

Mama, it's a jailbreak

It's a-it's a jailbreak
