

Meteorite

Years & Years

[Verse 1]

I don't know how it led to this
I felt a tremor in your kiss
The earth shakes, and I answer it
My body realigns
It's too much, I cannot handle this
I taste, the pleasure on your lips
You make, planets start to spin
I'm ready to ignite

[Pre-Chorus]

Let me feel your devotion
Let me feel your emotion
Love me like it's the last night
Like it's the last night

[Chorus]

Hit me like a meteorite, woah
Hit me like a meteorite, oh
Hit me like a meteorite
Don't let me go, don't let me go

[Verse 2]

You've been, following the rush
I've sinned, but I keep it hush
You're near, but it's not enough
I need this to survive
Reckless, what I'm heading for
Lights flash, and I hear a roar
One touch and you're so powerful
You're burning through the night

[Pre-Chorus]

Let me feel your devotion
Let me feel your emotion
Love me like it's the last night
Like it's the last night

[Chorus]

Hit me like a meteorite, woah

Hit me like a meteorite, oh
Hit me like a meteorite
Don't let me go, don't let me go
I can feel it coming tonight
Don't let me go, don't let me go

[Bridge]

Our path turned to stone, everything's falling
In silver and gold, colour's are warning
And I see you glow, when I look to the sky
I want it all tonight, I want it all tonight

[Chorus]

Hit me like a meteorite, woah
Hit me like a meteorite, oh
Hit me like a meteorite
Don't let me go, don't let me go
I can feel it coming tonight
Don't let me go, don't let me go
