

Ashtrays and Heartbreaks (feat. Miley Cyrus)

Snoop Lion

Tonight theres gonna be a whole lot of smoke in the air
Blow it hard for the ones who aint here
Seems like everyday were putting one six feet underground Now my buzz is gone and I need to
re-up on reality
Cant let them see me weak, I need to pause on it
Is there any possibility that everyone feels like me?
Ashtrays and heartbreaks
I lost some says one
So put them high and tell them this
You go and aim but you never miss
Ashtrays and heartbreaks
I lost some says one
So raise the glass to the memories
Set them free and fill up all these ashtrays
Fill up all the ashtrays Tomorrow when you wake up and realize life aint fair
Throw it back and make the whole world disappear
You never miss what you had until its gone
When its right, something always will go wrong
Now my buzz is gone and I need to re-up on reality
Cant let them see me weak, I need to pause on it
Is there any possibility that everyone feels like me?
Ashtrays and heartbreaks
I lost some says one
So put them high and tell them this
You go and aim but you never miss
Ashtrays and heartbreaks
I lost some says one
So raise the glass to the memories
Set them free and fill up all these ashtrays Fill up all the ashtrays
Now my buzz is gone and I need to re-up on reality
Cant let them see me weak, I need to pause on it
Is there any possibility that everyone feels like me?
Ashtrays and heartbreaks
I lost some says one
So put them high and tell them this
You go and aim but you never miss
Ashtrays and heartbreaks
I lost some says one
So raise the glass to the memories
Set them free and fill up all these ashtrays Fill up all the ashtrays
