

# Over Now

## Post Malone

Ahahah, yeah When you leave me, made me jump out of my room  
Didn't faze you, would've given you the moon  
Even after everythin' that we've been through  
I ain't ever met nobody like you  
Why you always tryna tell me that it's cool?  
Need it quiet 'cause you never tell the truth  
Felt like ballin' was the only thing to do  
Trade my women for some diamonds and a coupe When she's comin' for my heart, it feels like  
Armageddon  
I'ma turn the tables, promise you will not forget it  
Won't apologize, don't give a fuck if you're offended  
No discussion, yeah, we gotta go our separate ways  
Won't take me down in flames  
I don't even wanna know your name  
Watch how everything is gonna change, yeah, ayy  
I'ma pull up in a Bentley  
With a fuckin' hundred thousand in my pocket, yeah, yeah  
I'ma pull in, swang my door open  
Stunt in and know everybody watchin', yeah, yeah  
And help another bitch out the whip  
And I don't give a fuck if you don't like it, yeah, yeah  
Just to show you that it's over  
It don't matter what you gotta say about it, yeah  
I'ma put that bitch pussy in a motherfucking body bag  
So you know that I'm never ever coming back  
Kept your heart on the counter in a Prada bag  
I used to never ever want to see the light of day, yeah I was an idiot  
Beggin' on my knees on to the floor  
Now, I don't even want you anymore, anymore  
It's over now  
It's over now, yeah, yeah, yeah, ayy  
Feels like a knife in my throat, you treat this like it's a joke  
I bet you've done this before, I ain't surprised, yeah  
I wasn't tryna let go, but you'll know why when I'm a ghost  
I hope you wind up alone, dead in my eyes, yeah  
Ain't religious, only Christian when it's Dior  
Only prayin' for the Amex and the gold  
You ain't stop me now; you only was a detour  
Tried to drive me crazy, you and all the hoes When she's comin' for my heart, it feels like  
Armageddon  
I'ma turn the tables, promise you will not forget it  
Won't apologize, don't give a fuck if you're offended

No discussion, yeah, we gotta go our separate ways  
Won't take me down in flames  
I don't even wanna know your name

I'ma pull in, swang my door open  
Stunt in and know everybody watchin', yeah, yeah  
And help another bitch out the whip  
And I don't give a fuck if you don't like it, yeah, yeah

Beggin' on my knees on to the floor  
Now I don't even want you anymore, anymore  
It's over now  
It's over now  
(It's over now)
