

Forgiven Again

Ernie Haase & Signature Sound

Verse:

I left my family the love I had known
Couldn't believe how calloused I'd grown
Then I woke up one morning in cold freezing rain
And I said I'll go back were I caused so much pain

Chorus:

Just in sight of the place where the lane meets the road
The Father was waiting to carry my load
His big arms were open to draw me to Him
Forgiven, Forgiven, Forgiven again

Verse:

If you broken the trust and be trade your best friend
If your lost and confused wondering where it will end
There's a way you can know that wherever you've been
You can make your way home and be forgiven again

Chorus:

Just in sight of the place where the path meets the road
The Father is waiting to carry your load

His big arms are longing to draw you to Him

Forgiven, Forgiven, Forgiven again.
