

Lazy

Surfaces

Yeah yeah Oh baby, baby We could just be lazy, lazy
Get caught up in a maybe, maybe
I don't really mind waitin' Oh, I know you've been caught up in your homework
Racing back to class in all my t-shirts
Never takin' time to lean back
I just wanna see you relax It's really been a minute mmm, mmm
Since we've kicked it
On Montclair Avenue, to be specific
Used to sit and talk on the porch swing
Now you're busy caught up in the little things
Oh baby, baby
We could just be lazy, lazy
Get caught up in a maybe, maybe
I don't really mind waitin' Oh I'm sorry that I've missed your call
I've been busy
Schedule been way too taut in the city
Got your picture on my phone
Pretty
Even when I'm not at home, your with me Day dreamin' 'bout innocence
Missin' all your sentiments
Let's just set a time and place
I can't wait to see your face I can't wait to see your face
Baby, baby
We could just be lazy, lazy
Get caught up in a maybe, maybe
I don't really mind waitin'
