

# Celebrate (feat. AJR)

Ingrid Michaelson

Celebrate, everybody, cele-brate  
Celebrate, oh everybody, everybody celebrate  
Sitting in my mom's old minivan  
Radio up, how you color me bad  
Living up the days like they're never gonna change  
It didn't stay like that  
I hate to say it's been too long  
Old school days, I miss those old school songs  
This is my throw, this is my throwback song  
It's just like the ones, the ones that we used to know  
This is that music that makes me better  
This is the feel that turns me on  
Oh everybody's got that window down  
Summertime, turn it up, sing-a-long  
So...

Celebrate, everybody, cele-brate  
Celebrate, oh everybody, everybody celebrate  
Lying in my bed going what if, what if  
Well what if I just don't care?  
We all got the same hearts  
Beat beat beat beat beating  
Let me take you there  
You do you, I'll do me  
I just miss the way we used to sing  
In the basement, after dark  
Truth or dare with, Jimmy Clark (who?)  
In the basement, after dark  
Truth or dare with, Jimmy Clark  
Celebrate, everybody, cele-brate  
Celebrate, oh everybody, everybody celebrate
