

I'll Be Your Reason

Illenium

[Chorus: EDEN]

So, I'll be your reason
We won't talk again
So, I'll be your reason
We won't talk again
So, I'll be your reason
We won't talk again
I'll make you fall slowly
And make you fall slowly
So, I'll be your reason

So, I'll be your reason

I'll be your reason
We won't talk again
So, I'll be your reason
We won't talk again
And make you fall slowly
And make you fall slowly
So, I'll be your reason
I'll be your reason
I'll be your reason
I'll be your reason
We won't talk again
So, I'll be your reason
We won't talk again
So, I'll be your reason
