[Intro]

C-I-A-R-A

Woo!

[Verse 1]

Every time I look up
He be slidin' through in the F150 pickup
On them things shinin' with the crazy banging system
Laid back reclinin' with his arm up out the window like ooh, ooh
Every time he calls, I pick up
When he doesn't, I be quick to double check my signal
Hold it out the window and pull up my antenna
I'm so gone, gotta hit 'em, infatuated wit 'em
And ooh, I never felt this before

[Chorus]

Ooh ooh baby
Ooh ooh baby
Don't know what to do wit you, baby
You just got me actin' so crazy
And I think this could be love
This could be love
Ooh ooh baby
Ooh ooh baby
I just can't say no to you, baby
Whatever you want, I'm so gone, I can't think
And I think it might be love
This could be love

[Verse 2]

Say baby you're like part of the puzzle I been missin' all of my life
You're like a brother, but my lover, you my get right
I'm like an addict, gotta have it
When I go my body goes uh oh, uh oh
See, you give me such a good vibe
When the drama sittin' ridin' on the B ride
I'll still be wit ya even if ya pockets ain't tight
I may be young, but I know love and you're the one
And boy, you really got me feelin' so right

[Chorus]
Ooh ooh baby
Ooh ooh baby
Don't know what to do wit you, baby
You just got me actin' so crazy
And I think this could be love
This could be love
Ooh ooh baby
Ooh ooh baby
I just can't say no to you, baby
Whatever you want, I'm so gone, I can't think
And I think it might be love
This could be love

[Bridge]
Ooh ooh baby
Ooh baby baby
Got me actin' up
I'm digging on you
I don't know what to do
Ooh ooh baby
Ooh baby baby
Got me actin' up
Don't know what to do (You got me so in love)
'Cause I'm digging on you
I'm so in love

[Chorus]
Ooh ooh baby
Ooh ooh baby
Don't know what to do wit you, baby
You just got me actin' so crazy
And I think this could be love

Whatever you want, I'm so gone, I can't think
And I think it might be love

You just got me actin' so crazy
And I think this could be love

Whatever you want, I'm so gone, I can't think
And I think it might be love
This could be love
