

Keeping Me Alive

Bob Moses

[Verse 1]

I've lost my way
Hard to find my feet on the ground
Day after day
Looking for the easy way out
What will it take
To pick me up when I'm going down
Throw me away
Start it from the inside out

[Verse 2]

You're my escape
You hide me from the fear that I found
Take me away
Don't give me up cause I'm going down

[Chorus]

Won't you come and take me higher
I try to find, all the trouble that keeps weighing on my mind
When I'm running through the fire losing sight
You're the only thing that's keeping me alive

[Verse 3]

What would you say
To help me keep my feet on the ground
When I lose my way
Starting from the inside out

[Chorus x2]
