

Overnight Celebrity

Twista

Oh you didn't think we can it again
Twista, Kanye West, from Po Pimping to Poppin Tags
From Chunkiest to Slow Jamz, oh baby
We can even make you a overnight celebrity
Know what I'm saying, come on
(Hook) Why don't we, play something these hoes'd like
Drive whips, I know they like
Twista, you told her right
(I could make you a celebrity overnight)
Give you ice, like Kobe right
We sorta like Goldie right
The way, we mode em right
(I could make you a celebrity overnight)(Twista)
Girl I see you, in them apple bottom jeans
Chinchilla on your back, I wanna know your name
Girl I'm Twista, I could blow your brains
Put you in a chameleon, 0-4 Range
Still sexy, when you smoke that flame
Jerk you like a chicken, when you throw that thang
She got me hotter than a oven, the way that she talk
Switching to freaky, so I'm loving the way that she walk
You looking good girl, you oughta be in pictures
Listen to me, I see your career going sky high
Taking you home to the crib, in the Chi
And everytime I see your thighs, I cry when I drive by
Watching you should be a thrill, got the fellas
Hustling trying to get, steady screaming my-my-my-my
Walk on the carpet, with the bells that flick in the dark
Kicking it on the couch, at 106 & Park
I can see your beauty, on the big screen
I can see me freaking you, with whip cream
I can see you on stage, at the awards
With a dress better than Jennifer's, and doing big things
Kick it with me, I can mold your life
You looking good girl, show you right
Dre told me, you the prototype
I can make you a celebrity overnight(- 2x)(Twista) You want fame, you can take that path
Candlelights, when you take a bath
You got, such a sensational ass
I'ma get you Jimmy Choo, and Marc Jacob bags
I can cop her, a 2000 and 3
Make her smile, when she sees Spree's

I can get you on cd's, and DVD's
Take you to BB's, and BCBG
I can get you in the places, to be into
The people to know or show you things, sticker than to
I wanna be your lover, undercover Don
And protect you from others, don't ever let a brother pimp you
If you want the style, you can rich your blood
Y'all take a look at her, she got such an astonishing body
I can see you in some Gucci, or Roberto Cavali
And I bet she gon put a hurt on em, hard in the party
And you know you kill em in the club, we go
You was born to be a pro, having clothes, taking photos
And I love you cause you freaky with the dope clothes
Drop it to the flo' let it go when you roll slow
And I love it when I hit it from the back And you get on top of me and have a brother going oh-
oh Girl I love how you roll me right
I can make you a celebrity overnight
(Hook)(talking) You see, see baby girl
You see how you make a brother break down
I just gotta ask you what you need What you need from me, oh you wanna be a star
Are you messing with the right one
I can take you there, I can make sure
You've got all the finest things
Let me be your manager
(Twista) Come here girl I could see you bored
Took you to the queen that I see you for
Take you shopping on sprees in stores
I'ma get you to the MTV awards
We about, to do a show tonight
You looking good girl, show you right
Take you places I know you like
I could make you a celebrity overnight
Come here girl, you could hang if you bored
We could do plenty things plus more
I'm about to have you change in the stores
I can even get you to the Soul Train awards
We about to do a show tonight
You looking good girl show you right
Take you places I know you like
I could make you a celebrity overnight
