

It Wasn't Easy to Be Happy for You

The Lumineers

[Verse 1]

On the last time we met
Your love was dead
You held my hand
Bit your tongue
Shut me out
Spilled my blood
All around

[Chorus]

Yeah, it wasn't easy to be happy for you
Yeah, I took the poison, praying you'd feel it too
You held your punches back and I left the room
Yeah, it wasn't easy to be happy for you

[Verse 2]

All alone
You always felt
We dragged you down
Gave me hell
Made your bed
Now you sleep
On your own
Guess we'll see

[Chorus]

Yeah, it wasn't easy to be happy for you
Yeah, I took the poison, praying you'd feel it too
You held your punches back and I left the room
Yeah, it wasn't easy to be happy for you

[Bridge]

I know that you tried
But you're no friend of mine
Falling apart
You played it the best
A dame in distress, ooh

[Chorus]

Yeah, it wasn't easy to be happy for you

Yeah, I wrapped my neck and prayed that you'd feel the noose
I saw the restaurant table for two
Yeah, it wasn't easy to be happy for you
Yeah, it wasn't easy to be happy for you
Yeah, I took the poison, praying you'd feel it too
You held your punches back and I left the room
Yeah, it wasn't easy to be happy for you

[Outro]

Yeah

Yeah

Yeah
