

I Am Yours

Caissie Levy

There is a love buried deep inside
And it love i've been trying to hide
I've been looking for one i can find to show them how it feels
To be loved for who they are
And i'll tell you to raise the bar
There is nothing to say or to do to make me change my mind

Cause i know that your the one my hearts been waiting for
And it tells me that I am yours
I am yours
Oh oh oh ohhh

I could say it was love at first sight
But that wouldn't exactly be right
If you asked me a month ago i would attempt to be your friend
Then we really began to hang out
And i started to figure it out
Everything that you do has a tendency just to make me smile

Yes i know that your the one my hearts been waiting for
And it tells me that i am yours
I am yours

If theres a way that we can be together
Then i will do whatever it takes
I'll be your lover and friend
Just tell me how and when
And i'll be yours
I'll be there yeah yeah

I've got love that is bursting inside
And its love that i can't seem to hide
I've been waiting for just the right time to show you how it feels
To be loved for just who you are
Cause i tell you your way above par
There is nothing to say or to do
Make me change my mind

Cause i know that your the one my hearts been waiting for
And it tells me that i am yours

I am yours
I am yours
Oh oh ohhhh
I'm yours
