

Diggin' My Grave

Lady Gaga & Bradley Cooper

[Verse 1: Bradley Cooper]

You're killin' me baby with the things you do

Put me in the ground before we're through

Burnin' up this town

Spendin' everythin' I've saved

Yeah

You've been out all night

Diggin' my grave[Verse 2: Bradley Cooper & Lady Gaga]

Every little lie you tell can't keep it hid

You're just another nail on the coffin lid

Someone else is gettin' all the love you never gave

Woo

Yeah

And you've been up all night

Diggin' my grave, yeah

[Chorus: Bradley Cooper & Lady Gaga]

So keep on runnin' around

Ain't no need to hurry back

Cause I'll be gone from here

And you'll be all dressed up in blackSix feet under baby that's where I'll be

By the time that you're done with me

All these tears I cry

Drownin' in a tidal wave

You've been out all night

Diggin' my grave[Chorus 2: Bradley Cooper & Lady Gaga]

So keep on runnin' around

Ain't no need to hurry back

Cause I'll be gone from here

And you'll be all dressed up in black

Woooo

Six feet under baby that's where I'll be

By the time that you're done with me

All these tears I cry

Drownin' in a tidal wave

Yeah yeah

You've been out all night

Diggin' my grave

You've been out all night

Diggin' my grave[Outro: Bradley Cooper & Lady Gaga]

Diggin' my diggin' my diggin' my

Diggin' my diggin' my diggin' my

Diggin' my diggin' my diggin' my grave

Diggin' my diggin' my diggin' my
Diggin' my diggin' my diggin' my
Diggin' my diggin' my diggin' my grave
