

Keeping Score (feat. Kelly Clarkson)

Dan + Shay

Someday we're gonna look back on a night like tonight
The car I pulled up in,
The necklace you're wearing won't even cross our minds
Someday we're gonna blink twice
Say it happens like that
How much money we saved up for the time that we gave up
Well, it'll all just be math I know I'm only human
Don't know how many sunsets I got left
And I don't wanna ruin
This moment by wondering what comes next
I just want to love you like it's all I'm living for
Hold you close, enjoy you more
And spend a little less time keeping score
If we're rich to somebody
We're poor to somebody else
We could be happy and nameless
Or broke and famous
But, from what I can tell
It's that it doesn't really matter
You can't take with you when you go
Life is only getting faster
(Life is only getting faster)
So, baby, I rather take tonight nice and slow Cause', I know I'm only human
Don't know how many sunsets I got left
And I don't wanna ruin
This moment by wondering what comes next
I just want to love you like it's all I'm living for
Hold you close, enjoy you more
And spend a little less time keeping score
Be with me now
Be with me right now
Be with me right here, right now
Be with me now
Be with me right now
Be with me right here, right now I know I'm only human
Don't know how many sunsets I got left
And I don't wanna ruin
This moment by wondering what comes next
I just want to love you like it's all I'm living for
Hold you close, enjoy you more
And spend a little less time keeping score
Oh, yeah
