The Last Time (feat. Gary Lightbody)

Taylor Swift

I find myself at your door
Just like all those times before

I'm not sure how I got there

All roads—they lead me hereI imagine you are home

In your room, all alone

And you open your eyes into mine

And everything feels betterAnd right before your eyes

I'm breaking, no past

No reasons why

Just you and meThis is the last time I'm asking you this

Put my name at the top of your list,

This is the last time I'm asking you why

You break my heart in the blink of an eye, eye, eye

You find yourself at my door

Just like all those times before

You wear your best apology

But I was there to watch you leaveAnd all the times I let you in

Just for you to go again

Disappear when you come back

Everything is betterAnd right before your eyes

I'm aching, no past

Nowhere to hide

Just you and me...This is the last time I'm asking you this

Put my name at the top of your list

This is the last time I'm asking you why

You break my heart in the blink of an eye, eye, eye...

This is the last time you tell me I've got it wrong

This is the last time I say it's been you all along

This is the last time I let you in my door

This is the last time, I won't hurt you anymoreOh, oh, oh, oh, oh, oh, oh, oh...This is the last time

I'm asking you this

Put my name at the top of your list

This is the last time I'm asking you why

You break my heart in the blink of an eyeThis is the last time I'm asking you

Last time I'm asking you

Last time I'm asking you this

This is the last time I'm asking you

Last time I'm asking you

Last time I'm asking you this

This is the last time I'm asking you

Last time I'm asking you

Last time I'm asking you this

This is the last time I'm asking you Last time I'm asking you Last time I'm asking you this Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
