

# Bleeding Love

## ASTR

[Verse 1]

Blind by your prism love  
We were caught in a reckless flame  
And the lies told we can't take back now  
We almost had it all  
But now we're left in chains

[Pre-Chorus]

Oh we started a war  
There's no turning back  
There's no turning back  
'Til we come down

[Chorus]

Heartbeats full of fire  
Now we're caught up in emotion  
Cut me with your lies  
Now we're never gonna slow down  
We keep bleeding love  
'Til we come down  
We keep bleeding love  
'Til we come down  
Woah, woah, woah, woah  
'Til we come down  
Woah, woah, woah, woah  
'Til we come down  
Already over it now

[Verse 2]

Caught in your line of fire  
Had a hold and a can't escape  
Put me down with your cruel desire  
The writing's on the wall but we're too blind to see

[Pre-Chorus]

Oh we started a war  
There's no turning back  
There's no turning back  
'Til we come down

[Chorus]

Heartbeats full of fire  
Now we're caught up in emotion  
Cut me with your lies  
Now we're never gonna slow down

We keep bleeding love  
'Til we come down  
We keep bleeding love  
'Til we come down  
Woah, woah, woah, woah  
'Til we come down  
Woah, woah, woah, woah  
'Til we come down  
Already over it now

[Bridge]  
Gone  
And I can't breath  
We could, we could run  
We could, we could  
Every little thing we hold  
But we can't leave  
We could, we could run  
We could, we could

'Til we come down  
[Chorus]  
Heartbeats full of fire  
Now we're caught up in emotion  
Cut me with your lies  
Now we're never gonna slow down  
We keep bleeding love  
'Til we come down  
We keep bleeding love  
'Til we come down  
Woah, woah, woah, woah  
'Til we come down  
Woah, woah, woah, woah  
'Til we come down  
Woah, woah, woah, woah  
'Til we come down  
Woah, woah, woah, woah  
Til we come down
