

Need to Do

Skegss

All I need to do is drink some coffee
All I need to do is go to sleep
All I need to do is talk to my friends and
All I need to do is never talk to them again
All I need to do is learn how to read and
All I need to do is watch TV
All I need to do is shut my mouth and
All I need to do is talk it out

I've been trying so hard to help you
But you're making it so hard for me to help
I've been trying so hard to help you
But you're making it so hard for me to help
So I don't know whether to hold your hand
Or whether to spit in you face
Cause I've been trying so hard to be honest
But it's hard to do that in this place

All I need to do is mow my lawn
All I need to do is let my grass grow
All I need to do is be productive
All I need to do is be destructive
All I need to do is hang around and
All I need to do is fall out
All I need to do is be responsible
All I need to do is drink this whole bottle

I've been trying so hard to help you
But you're making it so hard for me to help
I've been trying so hard to help you
But you're making it so hard for me to help
So I don't know whether to hold your hand
Or whether to spit in you face
Cause I've been trying so hard to be honest
But it's hard to do that in this place
