

Harder

Jax Jones & Bebe Rexha

Baby when it comes to love it should be mutual
I know you think that you're on fire but you're kinda cold
And I need a little more than just the usual
But you should know (What you, what you gon' do?)
You should know When you think you've done enough
Can you love me harder?
'Cause you know I need that Put in work and don't give up
Can you love me harder?
'Cause you know I need that Haha, take it to the play Maybe take the time to get the floor right
Maybe you can get it for the whole night
I believe in you, know that you're the truth
Here's a little insight
Baby when it comes to love it should be mutual
I know you think that you're on fire but you're kinda cold
Oh I need a little more than just the usual
You should know
You should know When you think you've done enough
Can you love me harder?
'Cause you know I need that Put in work and don't give up
Can you love me harder?
'Cause you know I need that God damn, haha Boy if you can go a little longer
We can make this love a little stronger
Ain't no other man
And give me what you can
Remember what I told you?
Boy you got me on the edge and now I'm getting close
You should know
You should know When you think you've done enough
Can you love me harder?
'Cause you know I need that Put in work and don't give up
Can you love me harder?
'Cause you know I need that Can you love me harder, harder, harder, harder, harder
Can you love me harder, harder, harder, harder, harder
Can you love me harder, harder, harder, harder
Can you love me harder, harder, harder, harder
