

Loving You (feat. Lulu James)

[Lane 8](#)

Are we gonna be here forever after
Captivated for a moment, an end in time
Would you leave me if I crossed the line

Are we gonna be here forever suspended
Treading on water, treading on water
Drowning out together
Drowning out together

I'm a fool for love
I'm a fool for love
I'm a fool for love
I'm a fool for love

I'm a fool for love
I'm a fool for love
I'm a fool for love
I'm a fool for love
