

Outlaws

Alessia Cara

Run, run like the devil's behind us
Run to where no one can find us
Be my accomplice to my crime
Oh, baby, run
Run cause we're guilty as sin
Run cause we know we won't win
We know, together, we kill time You'll never face a judge without me
You'll never battle the gavel alone
And if they lock us away
Then I'll be still here, proudly waiting to kill more time
With you We'll be outlaws
We'll take on the world
We'll be outlaws
Run, run like you never did
Cause they found the evidence
And they found your fingerprints
All on me
And, baby, run
Run like your life depends on it
Let's make forever in this moment
Tell me you love me again, oh again
And I would waste away without you
You're the shining to my star
I'd be searching til I found you, wherever you are, you are We'll be outlaws
Partners in crime
We'll take on the world together
I'm Bonnie, you can be Clyde
We'll be outlaws
You and me
They'll never understand the honor among these thieves
O-O-O-Ohhhh, o-o-oh
O-O-O-Ohhhh, o-o-o-oh
You'll never face a judge without me
You'll never battle the gavel alone
And if they lock us away
Then I'll be still here, proudly waiting to kill more time
With you
Oh, with you
With you
Oh, with you, o-oh We'll be outlaws
Partners in crime
We'll take on the world together

I'm Bonnie, you can be Clyde
We'll be outlaws
You and me
They'll never understand the honor among these thieves
We'll be outlaws
