

Dear Patience

Niall Horan

Dear patience
Can we share a drink and let go of the pressure?
Dear patience 'Cause the last time that we talked seems like forever, and ever Feels like you
don't even know me
Just me and the stars can get lonely Hey, can you show your face?
Can you see that I'm anxious?
Can you hear what I'm saying, saying?
Hey, 'cause I fall too fast
And I go down blazing
Can you hear what I'm saying?
Dear patience
If I pour my heart out, can you keep a promise? (Mmm-mm)
'Cause the situation
Is like a mountain that's been weighing on my conscious
If I'm being honest Feels like you don't even know me (Don't even know me)
Just me and the stars can get lonely Oh, hey, can you show your face?
Can you see that I'm anxious?
Can you hear what I'm saying, saying?
Hey, 'cause I fall too fast
And I go down blazing
Can you hear what I'm saying? The way you make time disappear
I hope that I find you, my dear
The way you make time disappear
I hope that I find you, my dear
Patience
Can we share a drink and let go of the pressure?
Oh, dear patience
'Cause the last time that we talked seems like forever, and ever Hey, can you show your face?
(Can you show your face?)
Can you see that I'm anxious?
Can you hear what I'm saying, saying?
Hey, 'cause I fall too fast (Fall too fast)
And I go down blazing
Can you hear what I'm saying? Dear patience
