

# Heartland

## Hailey Whitters

### [Verse 1]

I should be married by now  
Two kids in a paid-for house  
I can hear 'em now  
Askin'â€¦whatâ€¦I'm doin' now  
Iâ€¦should have a little more toâ€¦show  
Than a suitcase smells like smoke  
I should have an alibi  
On where time goes when it flies

### [Pre-Chorus 1]

'Cause I been on the rocks  
I been on the road  
On the other side  
Of every door closed  
I've been on a limb  
Tryin' to catch a break  
Something's gotta give  
Sometimes you gotta take

### [Chorus]

Take it down a fast lane  
Right back to your last name  
To remind you where you came from  
You're still shinin' in the same sun  
It don't matter how high  
You've been floatin' in your blue sky  
Nothin' gets you like goodbye can  
When life is out of your hands  
Yeah, you gotta let your heart land

### [Verse 2]

I can roll the window down  
Feel the wind in my hair now  
Find a station through the static  
The old me while I'm at it

### [Pre-Chorus 2]

'Cause I been on the rocks  
I been on the road

Pullin' double shifts  
Needle on low  
Wakin' up alone  
In the bed I made  
Now would be a real good time to take

[Chorus]  
Take it down a fast lane  
Right back to your last name  
To remind you where you came from  
You're still shinin' in the same sun  
It don't matter how high  
You've been floatin' in your blue sky  
Nothin' gets you like goodbye can  
When life is out of your hands  
Yeah, you gotta let your heart land  
Oh, you gotta let your heartland, yeah

[Chorus 2]  
You gotta let your heart land  
In the middle of nowhere  
Oh, you gotta let your heart land  
Sometimes you just gotta go there, just go there  
And it don't matter how high  
You've been floatin' in your blue sky  
Nothin' gets you like goodbye can  
When life is out of your hands  
Yeah, you gotta let your heartland  
Oh, you gotta let your heartland, yeah  
Yeah

[Outro]  
Yeah, gotta let your heartland  
Yeah, you gotta let your heartland, oh
