

I've Been Failing

Nathaniel Rateliff & The Night Sweats & Preservation Hall Jazz Band

Well I needed
You and not just someone.
I been so long
Farewelling you dear.
Said I care for
All I ever risked darling,
But I buried all of it again. Oh yeah, heal me baby.
Oh, what am I doing.
Oh, all day.
Oh, and she said too
"Whats going on?"
I know it all seems
Dark and light has gone away.
I been out there
Bending in the wind.
Now Im standing
Here to be beside you.
And for all I
Know and all I care. I said, "Don't you even,
Don't you worry."
Don't you even, don't you worry.
Don't you even, don't you worry.
Don't you even, don't you worry.
Don't you even, don't you worry.
Don't you even, don't you worry.
Ive been failing you
Ive been failing you
Ive been failing you
Ive been failing you I can't stop trying
I can't stop trying
I can't stop trying...
