

Never Knew

Dive

Is this it? Is it over?
I will wait for you to make up your mind
Is it now? Is it ever?
I will not give up alive My hands are shaking
From the time that we knew
My heart is breaking
All your dreams come true
Never Knew When you smile do you feel empty?
Well I know just how you feel
I would die to be with you
I will not give up the fight My hands are shaking
From the time that we knew
My heart is breaking
All your dreams come true
Never Knew
My hands are shaking
From the time that we knew (never knew)
My heart is breaking
All your dreams come true (never knew)
My hands are shaking
From the time that we knew
My heart is breaking
All your dreams now come true
Never Knew
