Goner

Mitchell Tenpenny

Oh I'm a goner
Oh I'm a gonerI mix up a Crown and Coke, she slips on a red dress
Putting on a little show, zipping up slow-mo, going straight to my head
She giving me déja vu, and I got a feeling
This is one of those more to come where that came from kinda eveningsI'm like good Lord, have mercy, take me home
I don't stand a chance
She's a red-hot, don't stop, already know
She'll be my last dance
She's a full tank, floorboard, foot on the gas, fire it up
I'm never gonna look back
Oh yeah, she's my Madonna
She's all I wanna
So good it hurts, one look at her and I'm a goner
Oh I'm a goner
Oh I'm a goner
She burns through the bedroom, glides across the carpet
Leaving little footprints of perfume hints, I'm locked in, can't stop watching
The things she does, the way she moves her body
I feel the rush, can't help but want it on meI'm like good Lord, have mercy, take me home
I don't stand a chance
She's a red-hot, don't stop, already know
She'll be my last dance
She's a full tank, floorboard, foot on the gas, fire it up
I'm never gonna look back
Oh yeah, she's my Madonna
She's all I wanna
So good it hurts, one look at her and I'm a gonerOh I'm a goner
Yeah I'm a goner
I'm a goner
I'm a goner, yeah
Oh I'm a goner
Oh I'm a gonerThe things she does, the way she moves her body (oh I'm a goner)
I feel the rush, can't help but want it on me (oh I'm a goner)I'm like good Lord, have mercy, take me home
I don't stand a chance
She's a red-hot, don't stop, already know
She'll be my last dance
She's a full tank, floorboard, foot on the gas, fire it up
I'm never gonna look back
Oh yeah, she's my Madonna
She's all I wanna

So good it hurts, one look at her and I'm a gonerOh I'm a goner
Oh I'm a goner
Oh I'm a goner
Oh I'm a gonerOh I'm a goner
Oh I'm a goner
