

# Battle (feat. Faouzia)

David Guetta

We don't hide no, we don't  
We don't stray from anyone  
'Cause you and I know better  
They don't know we have eyes like mirrors  
We don't need any armor  
'Cause we got spirit and that's enough  
So let 'em say whatever  
It doesn't matter if tomorrow there's a war My love, oh, we are one  
And I run, I run through the battle  
Oh, I run, it doesn't matter if tomorrow never comes  
My love, oh, we've won  
And I run, I run through the battle  
Oh, I run, to you  
Oh, I run  
Oh, I run Our momentum has fire  
Set it off like a cannonball  
We're gonna burn forever  
It doesn't matter if tomorrow there's a war My love, oh, we are one  
And I run, I run through the battle  
Oh, I run, it doesn't matter if tomorrow never comes  
My love, oh, we've won  
And I run, I run through the battle  
Oh, I run, to you Oh, I run  
Oh, I run Oh, whoa  
No, whoa  
No, oh  
It doesn't matter if tomorrow there was a war  
My love, oh, we are one  
And I run, I run through the battle  
Oh, I run, it doesn't matter if tomorrow never comes  
My love, oh, we've won  
And I run, I run through the battle  
Oh, I run, to you Oh, I run  
Oh, I run
