

# Any Way

Fisher

You can take me away from my sorrow  
but you can't take away my scars  
I stand in the middle of the highway  
playing chicken with the carsIt's not that I'm destructive I  
just want to feel your painIf there was any way I could have known  
I would trip and fall away from you  
If there was anything I could have done  
to stay in love with you - with you  
I wish I could say to you what you are to me  
but I know it would make you sad  
You are too good to be my lover  
but you've been the greatest dad  
I ever hadYou made my life so lovely I  
just had to mess it up  
If there was any way I could have known  
I would trip and fall away from you  
If there was anything I could have done  
to stay in love with you - with youIf I knew I'd do it twice just to make sure that  
I did it right  
If there was any way I could have known  
I would always need to be alone  
If there was anything I could have done  
to stay in love with you  
I'd be in love with you  
with you
