

# Future

## Paramore

[Intro]

Yeah

That's how you had it, yeah

Pretty sure

It is, it goes clapping a bit

Something just in that way

Alright, here we go

Gonna go an octave down this time

[Verse 1]

I'm writing the future

I'm writing it out, loud

We don't talk about the past

We don't talk about the past now

So, I'm writing the future

I'm leaving a key here

Something won't always be missing

You won't always feel empty, here

[Break]

Ah-ah, mm-mm

Ah-ah-ah-ah, mm-mm

[Verse 2]

Just think of the future

And think of your dreams

You'll get away from here

You'll get away eventually

So, just think of the future

Think of a new life

And don't get lost in the memories

Keep your eyes on a new prize

[Outro]

Ah-ah-ah, ah-ah

Ah-ah-ah, ah-ah

Mm
